

FLIR ONE™ APP

The FLIR ONE app is available for free on the Apple App Store.

It provides a simple user interface with a variety of functions for operating your new FLIR ONE device. And this is just the beginning.

COMING SOON THERMAL APPS FOR FLIR ONE

FLIR ONE TimeLapse™

Time lapse video lets you quickly observe the often subtle way things change by "speeding up" time. Combine that with the thermal imaging power of a FLIR ONE-enabled iPhone 5/5s and now you can view, capture, and easily share incredible thermal time lapse movies, showing changes in a scene and its temperatures over time.

FLIR ONE Paint™

Create and share fun and dramatic photos that blend color and thermal elements together with your FLIR ONE-enabled iPhone 5/5s. FLIR ONE Paint™ is an easy way to capture color photos and convert selected elements from color to thermal with the swipe of your finger. To create images that make selected objects really stand out!

FLIR ONE Panorama™

Apply the power of your FLIR ONE-enabled iPhone 5/5s to awe-inspiring panoramic images with FLIR ONE Panorama™. Capture stunning wide-angle pictures of breathtaking scenery, then easily save, manage and share them with the world. Get the "big picture" in a way you've never seen it before!

FLIR ONE CloseUp™

The FLIR ONE has both a thermal and standard camera and takes sharp, optimized photos at distances of 1 meter or more. With a FLIR ONE enabled iPhone 5/5s, the FLIR ONE CloseUp™ App enables you to take optimized thermal photos at distances of approximately 12-16 inches allowing you to See the Heat in more detail.
